

Hi Dave,

Here is my bid for updating your Web site(s) we discussed earlier today.

<http://greatlakesentry.com>

<http://998dock.com>

<https://sledshedtrailers.com>

I will create a very secure, fast-loading web site that looks great on all devices.

These Web sites will allow you the option to add and edit content to them from an online dashboard.

- Super easy and intuitive to navigate
- Monthly Web site stats and analytics
- Google-friendly code and content format
- **I can mimic any other Web site.** For example if you find a Web site you like,
I can make it look very similar to it.
- Install a 'Secure Cert' on your web site so people can always view your site
- Update your 'Quote Form' so it sends you a text direct to your phone and email

- I am an expert on making web pages SEO-friendly and getting them to rank well for your service and location.

- Embed your Google Map of your business location on your web page
- Optimize your 'Google My Business' profile' for each Web site

No other monthly fees. I cover hosting your web sites the first year.

\$20 per month, per Web site thereafter.

Here are some recent sites I have done:

<https://radiantmobiledetail.com>

<https://lauriesperfectclean.ga>

If you wanted to focus on your 'Great Lakes Entry' Web site, I can have the new demo page created in about 2-3 days.

The remaining pages can be added in about (10) days.

**Pricing to revamp and update all (3) of your Web sites:
\$3K down and \$3K on completion.**

Below is what I typically offer once the Web site has been created:

Ranking Your Business in The Google Map Pack

Create (10) 'Local Service' pages on your Web site.

For example:

- Starr Docks In Quincy, Michigan

These pages will have content that focuses on a certain service in a certain City.

- Local Google Map, Pictures, Video and information on that City

Example Local Service Page:

Optimize and Rank your business in Google Maps

- This is best for people searching for your service in certain cities.

These results show up at the top of Google search.

Includes:

- 1 Special Google Map Pack Booster
- 300 Local Places (Map Citations)
- 45-mile Radius
- 10 Geo-tagged photos
- 10 Google Stacking Photos(Bonus)
- 20 driving point directions
- NAP embedding on the Geo-tagged Map

Plus These Bonuses:

- +Bonus Youtube Geo-tagged Video
- +Bonus 99 High DA Backlinks with Google Map CID
- +Safe 30-Days Drip-fed Paid Links Indexing
- +SEO Recommendations
- +Secret Recipe To Better Rank Your Maps Listing!

Get your business profile listed on 40+ Citation Web sites

- Authority sites similar to Yelp, etc. Very good for building trust and ranking with Google

100+ Foundation Links to create a solid and strong authoritative base for your site

- + 3000 Mixed Social Signals (Facebook, Pinterest, Reddit, Tumblr, Twitter & more!)
- + My Secret Sauce (The secret sauce won't be shared in the report. It involves a powerful white hat link building tactic)

**The above Google Ranking Package can be done for:
\$995 per web site**

**After (30) days we can evaluate your progress and do
additional SEO as needed.**

Thank you for considering me to work on your Web sites!

I have an expert programmer on my team that can create virtually anything for your site. Simply provide me the requirements for a quick bid.

For example the 'Dock Builder' application that we looked at today.

Please feel free to call me with any questions!
